SCENARIO

Today is June 15th

You are a pork producer and operate a 1,000-head swine operation. As a way to keep track of hogs that have been injured or treated, you sort them into one pen, this pen you keep as a hospital pen or “sick pen”. Several of the hogs in the pen appear to have reached their terminal endpoint and have recovered from their problems. You want to send as many hogs as possible to market in the morning and need to make sure the withdrawal times have been reached. Using the information in this problem and the information provided on the treatment record, please do follow the instructions below:

First, fill in the “Date and Time Withdrawal Complete” box on the treatment chart for each of the four treated hogs listed.

Then, sort the 5 pigs in your “sick pen” into 2 groups:

- A. Those that can be sold tomorrow (SELL)
- B. Those that should be held to be sold at a later date (HOLD)

NOTE: The sick pen is for pigs with any sort of problem requiring special attention. There may be pigs in this pen that have not received medications.

INSTRUCTIONS

SKILLATHON

INTERMEDIATE Withdrawal Times

Intermediate Withdrawal Times Instructions

- Each participant will first read the scenario given.
- Then, have the participant fill in the “Date and Time Withdrawal Complete” box on the treatment chart for each of the four treated hogs listed.
- Then, with the information provided to them on the scenario sheet and treatment record, they will have to sort the 5 pigs in the “sick pen” into two groups:
 - A. Those that can be sold tomorrow (SELL)
 - B. Those that should be held to be sold at a later date (HOLD)

NOTE: There is 5 hogs in this scenario, HOWEVER, there is one that has not been “treated”.

Scoring: Each hog placed in the correct SELL or HOLD group is worth 3 points each. “Date & time withdrawal complete” dates are worth 2.5 points each, for a total of 25 points at this station.

****This station has a total of 25 points.****

Thank you very much for volunteering to help with the skillathon. Please remember to complete the skillathon facilitator information sheet and leave it on your stations table at the end of the competition. Thank You!
