7 Colon

INSTRUCTIONS

SKILLATHON

JUNIOR Digestive System

Junior Digestive System Instructions

- Each participant is to match the 8 labels to the correct digestive part of the hog on the diagram.
- There is one side that is blank and one side with the answers. Please be sure the non answer side is facing up when the participant sits down to begin.

Scoring: Each correct label is worth 3 points each for a total of 24 points. Every participant will receive 1 free point making this station a grand total of 25 points.

****This station has a total of 25 points.****

****There cannot be more than 25 points scored for this station****

Thank you very much for volunteering to help with the skillathon. Please remember to complete the skillathon facilitator information sheet and leave it on your stations table at the end of the competition. Thank You!!
