Fabric Softener

# INSTRUCTIONS

## SKILLATHON

# JUNIOR Industrial By-Products

### Junior Swine Equipment ID Instructions

- Have the participant draw a line from the industrial by-product labels to the corresponding by-products that comes from a pig.

**Scoring:** Each correct match is worth 2 points, for a total of 24 points.

Since our stations have to equal 25 points every participant will receive 1 free point, making this station a grand total of 25 points.

**\*\*This station has a total of 25 points.\*\***

**\*\*Remember to add the free point.\*\***

*Thank you very much for volunteering to help with the skillathon. Please remember to complete the skillathon facilitator information sheet and leave it on your stations table at the end of the competition. Thank You!*
